TUTORIAL CLASS

Sponsored by the Pennsylvania Aggregates and Concrete Association

Why Should You Attend This Class?

This class has been developed to provide an opportunity to practice and learn prior to the ACI certification testing. If you are new to the industry or you want more hands-on experience, this tutorial will *help* you prepare for the ACI Concrete Field Testing Technician- Grade I Certification Exam.

This training includes:

- Hands-on training utilizing the actual equipment used for testing
- Classroom review for the written exam
- Preparation for the seven standard tests commonly associated with sampling and testing fresh concrete in the field
- A practice test, which will be sent to you upon registering for this tutorial class

How to Prepare for the Tutorial Class

- Read and study the workbook provided with your Certification Exam registration ENTIRELY.
- Do all the study questions at the end of the chapters and the sample test in Appendix C in your workbook and the practice test provided.
- **NOTE:** Taking this tutorial class *DOES NOT* guarantee a passing grade on the certification exam.

ASTM Procedures Covered

- ASTM C 138 - Test Method for Density, Yield, and Air Content (Gravimetric) of Concrete
- ASTM C 143 - Slump of Hydraulic Cement Concrete
- ASTM C 31 - Making and Curing Concrete Test Specimens in the Field
- ASTM C 172 - Sampling of Fresh Concrete
- ASTM C 1064 - Temperature of Freshly Mixed Portland Cement Concrete
- ASTM C 173 - Air Content of Concrete by the Volumetric Method
- ASTM C 231 - Air Content of Concrete by the Pressure Method

Class size is limited to a total of 13 registrants.

Class is open to all, but preference is given to those who have registered and paid for an exam date within the current exam semester.

A workbook will automatically be sent to those who register for an exam date.

*If there is not a sufficient number of students enrolled in a class, the class will **NOT** be held.*

Class Dates

- February 3, 2018

Class Locations

Boger Concrete
401 Richardson Rd.
Middletown, PA 17057

Class Instructor

James Casilio, P.E.

For more information on the ACI Concrete Field Testing Technician Grade I Certification Exams or to schedule your exam, visit our website at www.pacaweb.org.

Tutorial Registration Page

The registrant voluntarily assumes the risk of injury to themselves which may result from the training, testing or demonstration and releases and discharges PACA, the facility providing the training, testing or demonstration site and the provider of the training, testing or demonstration from all claims or liability by participant resulting therefrom.

How to Register

- Use one registration form per person. Form may be duplicated for additional registrants.
- A seat is not reserved until full payment is received.
- Keep a copy of this registration form for your records.
- To register, fax/email registration form (with credit card information) or mail check payment to the address, fax number or email address listed here.
- PACA accepts Visa, MC, Discover and American Express.
- Checks should be made payable to "PACA".
- There are no refunds for failure to attend a tutorial class date. A \$70 cancellation fee applies to cancellations received less than 14 business days prior to class date.
- PACA reserves the right to charge any registrant appropriately by date of registration received.
