

NRMCA™

EXTERIOR FLATWORK FINISHER

CERTIFICATION EXAM

**Thursday
October 6, 2022**

Sponsored by Central Builders Supply

**Sunbury Social Club
352 East Drive
Sunbury, PA 17801**

ABOUT THE CERTIFICATION EXAM

This course, brought to you by the National Ready Mixed Concrete Association (NRMCA), is being administered by NRMCA's Local Sponsoring Group, the Pennsylvania Aggregates and Concrete Association (PACA).

It is designed to provide additional information that will help concrete finishers place, finish, and cure exterior air entrained concrete to provide a durable surface for concrete that is exposed to moisture and periods of freezing and thawing.

The certification requires knowledge in the following areas of concrete construction:

- Concrete required for exterior flatwork
- Placing and finishing concrete
- Joints
- Curing concrete

Types of surface problems and their causes

Study Material - NRMCA Best Practices for Exterior Flatwork Finishing (included in the cost of the course)

Finisher Certification is awarded to an individual who has completed the following certification criteria:

- Attending this training course offered by PACA.
- Successful completion of the written exam based on the content of the training course and text. Passing is 70%.
- Successful completion of the performance evaluation while placing, finishing and curing exterior flatwork.

COURSE SCHEDULE

7:00 AM – Presentation and written exam review.

10:00 AM - 1-Hour Timed Written Exam

11:00 AM - Lunch

11:30 – 3:30 Performance Exam

MATERIALS NEEDED

Please bring your own finishing tools, and PPE - personal protection equipment for the performance evaluation.

COST OF EXAM

\$500 per person.
